“Motive’s Fleet View is mission critical. I use it every day. It’s like air traffic control. I can see our entire fleet on one map.”

Track and monitor
your fleet

The Motive Vehicle Gateway

Continuously captures driver and vehicle location and health data.

The Motive Asset Gateways

Real-time visibility into the location and telematics of all your assets.

The Motive Fleet Dashboard

All driver, vehicle, equipment, and trailer information is in one place.

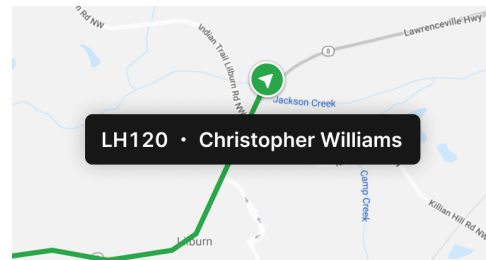

Full fleet visibility

Reduce your dependency on manual communication with real-time visibility across your physical operations in one dashboard.

The Motive Difference

- Access real-time and historical operational data for drivers, equipment, and vehicles.
- Monitor speed, reefer temperature, fuel, fault codes, barometric pressure, battery voltage, coolant temp, engine intake temp, engine load, and more.
- Analyze utilization, vehicle health, dispatch, temperature logs, and dormancy reports to maximize productivity for your fleet.
