Enterprise Grid® Report for Fleet Management | Summer 2025

Enterprise Grid® Report for Fleet Management | Summer 2025 is based on scores calculated using the G2 Grid® algorithms from reviews collected by May 27, 2025.

Motive is awarded G2's **#1** for Satisfaction Score for Enterprise Fleet Management solutions.

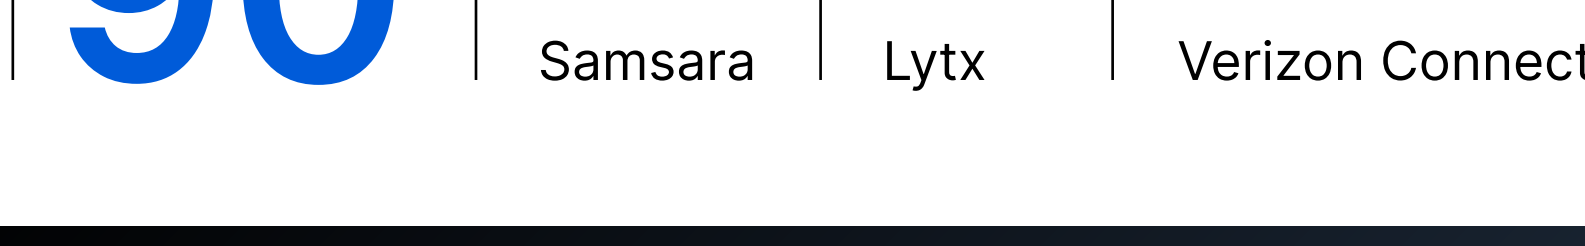

“Motive's safety features are used by our company every day, and allow our company to easily and accurately monitor and correctly implement behaviors for our drivers. The clear video available from the dash-cams has saved our company thousands of dollars in insurance claims over the years.”

Fleet & Safety Manager

Motive outperforms competitors in Satisfaction:

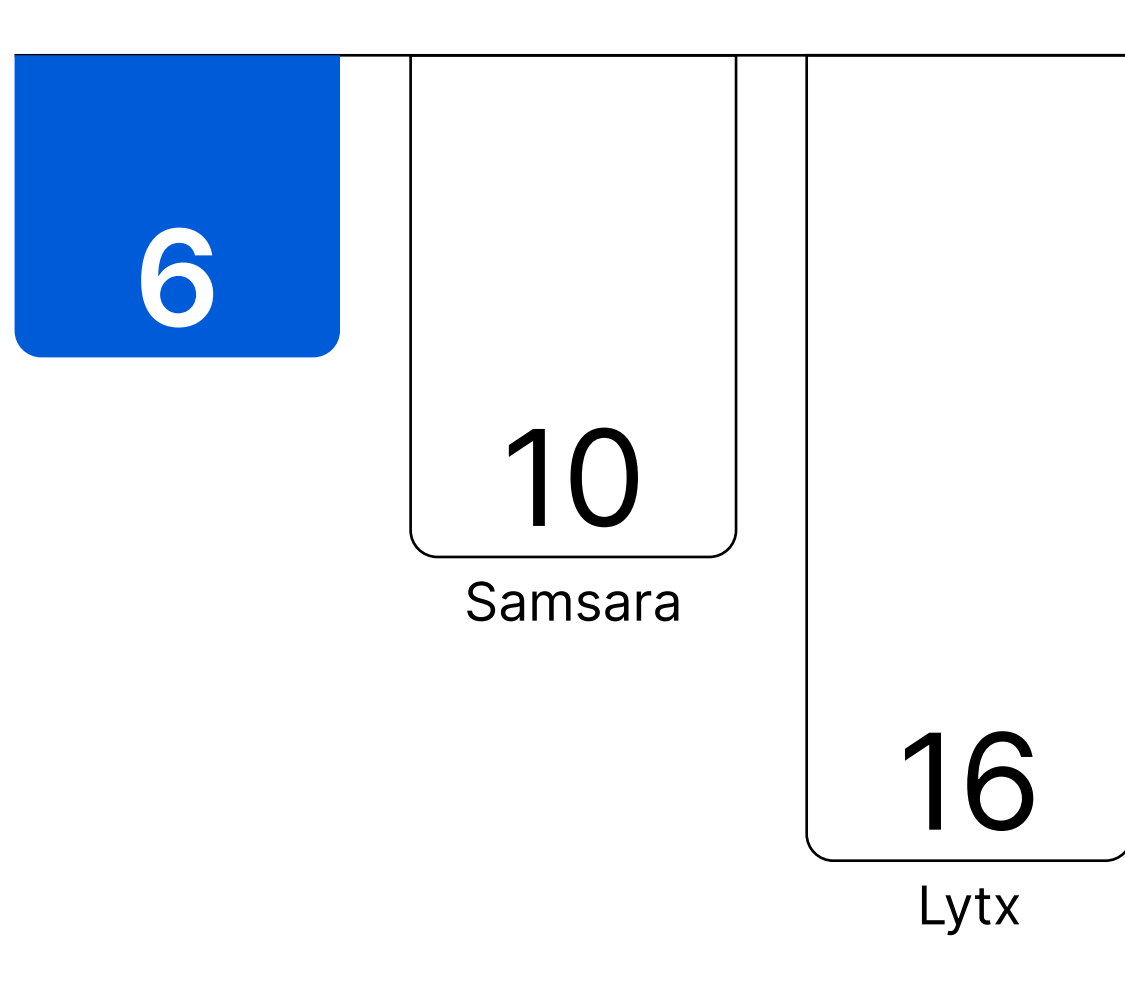

“These cameras and GPS systems are outstanding! Having the AI built into the cameras has really let us deep dive into the day-to-day actions of our drivers as we were in the cab with them. The cameras’ ability to distinguish between different kinds of safety events is unparalleled. This is not only helpful in events of collisions, but it lets us coach possible dangerous behaviors before they turn into collisions.”

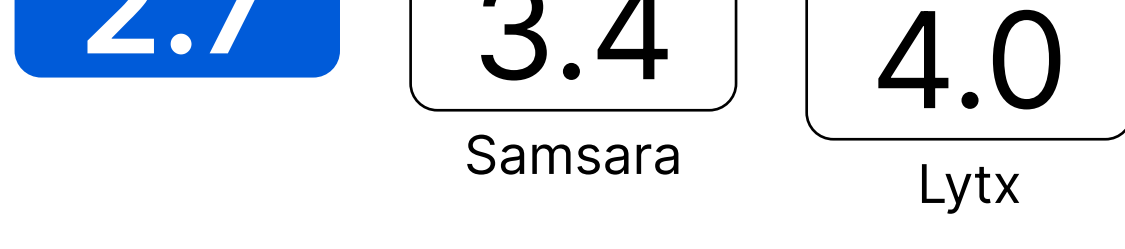

Enterprise User

Motive customers see a return on their investment faster than other Enterprise Fleet Management solutions (months):

Motive implements faster than other solutions in Enterprise Fleet Management (months):

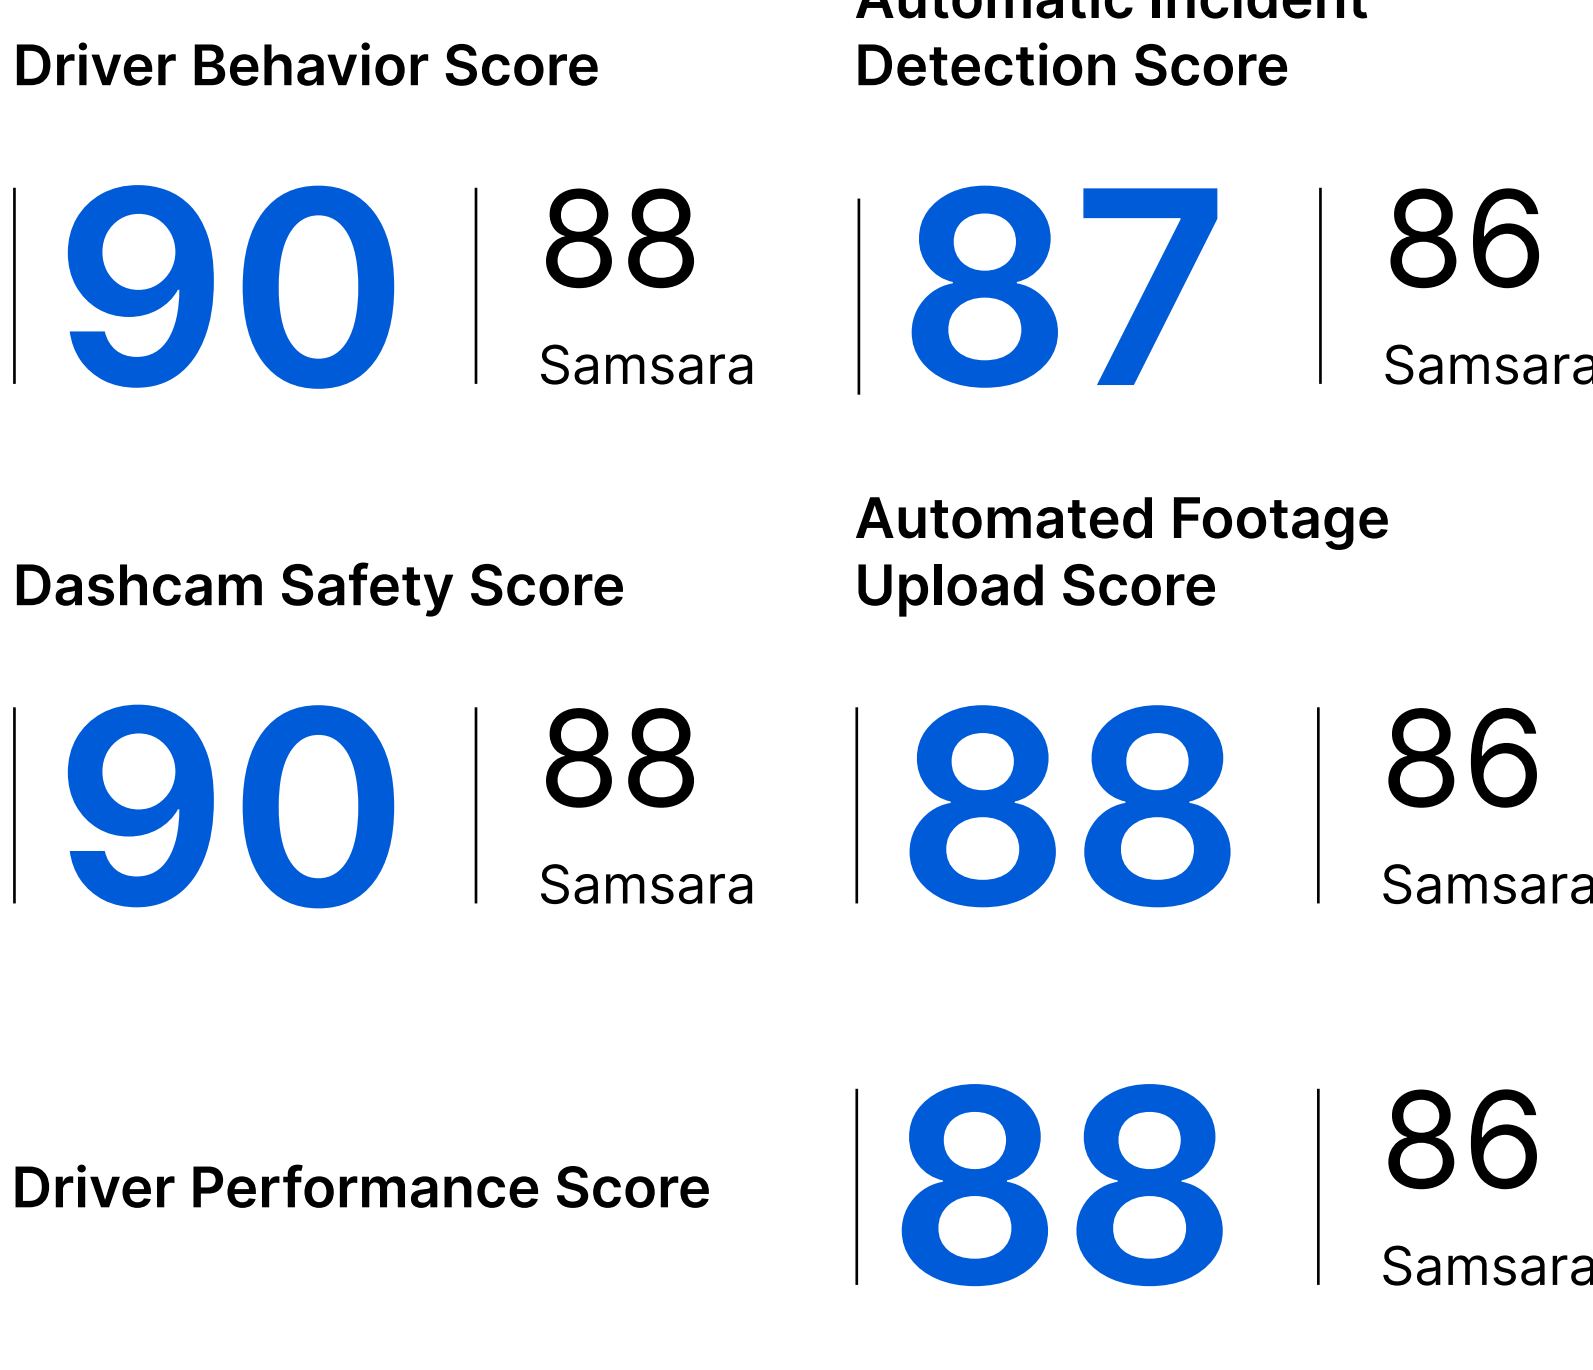

“Motive is the most innovative company in fleet tracking, safety and driver management. Motive's AI cameras are game changing. We have dashcams and side cameras on all of our trucks and our (knock wood) we have not had an at fault accident in over a year. The Safety tools in the Motive dashboard are phenomenal. Our driver safety scores have gone from maxing out at 80 to averaging 95 with some drivers reaching 100.”

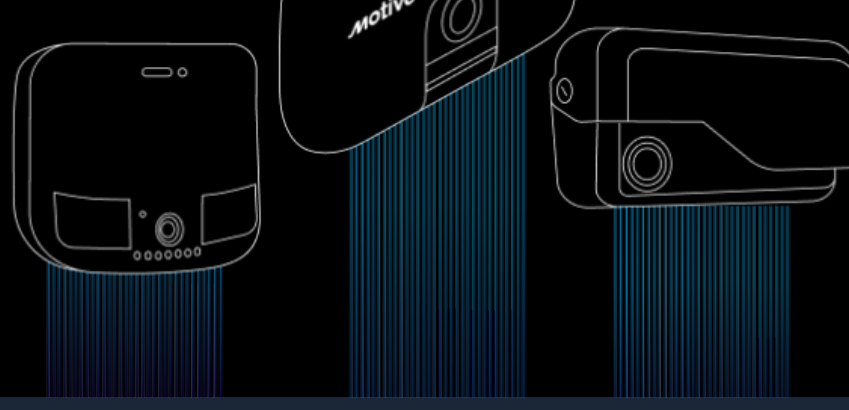

SVP of Technology

Motive outperforms Samsara in:
