motive

Road-Facing AI Dashcam Plus

See more. Act faster. Prevent more accidents. Get unmatched AI capabilities, hands-free communication, and superior reliability in one unified device.

The Motive difference

Industry-leading AI processor
Can run 30+ AI models with 3X more processing power than other leading dash cams.

Stereo vision
Two road-facing lenses improve depth perception for more accurate alerts. *Coming late 2026.*

Collision Evidence Capture
Clearly identify license plates in hit-and-runs, road rage, and theft incidents.

Live two-way calling
Connect with drivers instantly to address time-sensitive issues like fatigued driving.

Atlas Assistant
Drivers can get answers and take actions hands-free while driving. *Coming soon.*

Automations
Drivers get alerts to address critical fault codes, reduce unnecessary idling, and more.

Superior reliability in one unified device
Improve reliability with the Vehicle Gateway and AI Dashcam combined into one device.

Key features: Driver Safety

Requires a Driver Safety monthly subscription.

Safety event capture

- **Unsafe behaviors**
  - Close following
  - Unsafe lane change
  - Lane swerving
  - Stop sign violation
  - Obstructed camera
  - Speeding over posted
  - Speeding over policy
  - Hard braking
  - Hard accelerating
  - Hard cornering
- **Other**
  - Collision
  - Near collision
  - Forward collision warning
  - Unsafe parking
  - Forward parking
- **Positive driving**
  - Safe distancing
  - Alert driving

- **In-cab audio and visual alerts**
  - Close following
  - Unsafe lane change
  - Lane swerving - *Coming soon*
  - Stop sign violation
  - Obstructed camera
  - Forward collision warning
  - Speeding over posted
  - Speeding over policy
  - Hard braking
  - Hard acceleration
  - Hard cornering
  - Unidentified trip
  - Dash cam disconnect/ activation

Event validation

- EVE Event Validation Engine
- Motive Safety Team

Driver coaching

- Safety Hub
- Custom unsafe behavior detection
- Event Severity
- AI Coach
- Driver App coaching
- Coaching Sessions
- Training videos
- Customizable Safety Score

Accident management

- Collision detection and video upload
- Video recall: Up to 15 minutes/ request (60 minutes with timelapse recall)
- Automated collision reporting
- First Responder

360-degree visibility

- Live images
- Engine-off recording
- In-cab audio recording
- Camera health (installation issues, disconnects, etc.)

Driver privacy & control	• Privacy Blurring

Key features: Fleet Management

Requires a Fleet Management monthly subscription.

Tracking & Telematics	• Live map view • Trip history • Vehicles • Drivers • Geofences • Dispatch	• Driver identification • GPS mode (Zero telematics mode) • Hardwired mode • PTO/AUX
Compliance	• ELD US compliance • Data for IFTA reporting	• ELD Canada compliance
Sustainability	• Energy usage • Idling • Fuel performance	• CO2 estimates • Fuel levels
Maintenance	• Fault codes • Scheduling based on engine hours or mileage	• Driver Vehicle Inspection Report (DVIR) • History

Technical specs

Camera	Road-facing Wide	Road-facing Zoom
Resolution	1920 × 1080 (1080p)	2560 × 1440 (1440p)
Frame rate	30 fps	10 fps
Field of view	120°	40°

Specs

Model #	DC-63
Battery capacity	2500mAH
Operating input voltage	Up to 32V
Dimensions	Width: 5.43 in (138 mm) Height: 1.20 in (30.4 mm) Depth: 3.62 in (92 mm) Weight: ~1.1 lbs (500 g)
Operational temperature	–4°F to +140°F (–20°C to +60°C)
Mount	Windshield mount
Cable length	13.1 ft (4 m)
Quick Capture button	Yes
Connectivity	4G LTE, Bluetooth, Wi-Fi
Microphone	Digital Omnidirectional
Speaker	90 dB SPL
Multi-color LED light bar for in-cab alerts	Yes
Privacy lens cover	Yes, additional accessory
Recording hours	Up to 254 hours
IP rating	IP5X
Warranty	Lifetime (with continuous, active Motive subscription)*

*Lifetime coverage requires a continuous, active subscription with Motive. Cables and mounts have a one year warranty.

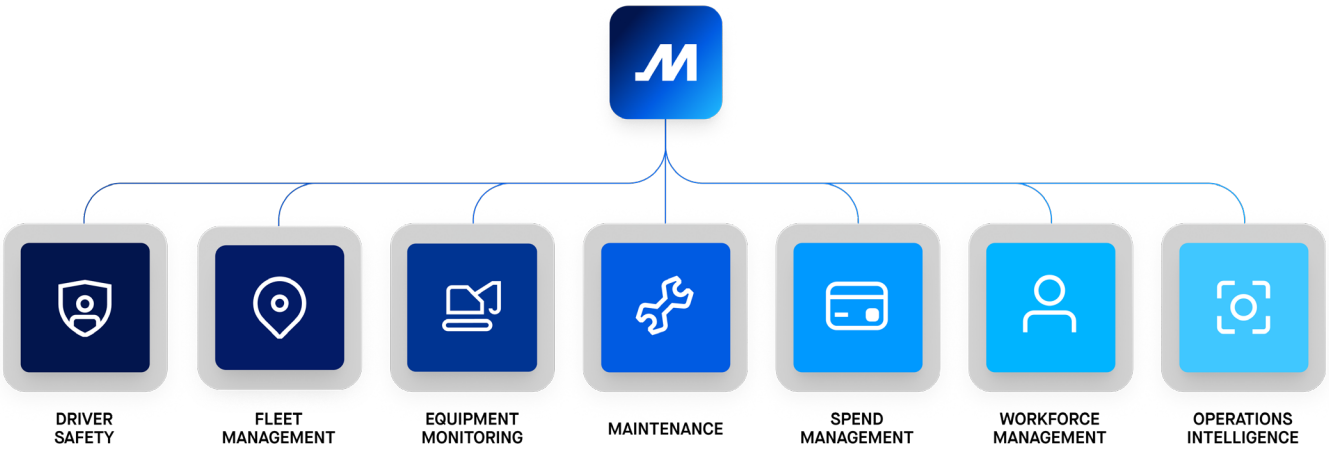

Requirements

These following prerequisites must be met in order to use all the safety features available within the Motive platform.

Motive subscription:

- All features - Driver Safety and Fleet Management plan
- AI Coach - Workforce Management plan
- Live two-way calling - Communications plan

Motive is the AI-powered Integrated Operations Platform for the physical economy.

motive

About Motive

Motive empowers the people who run physical operations with tools to make their work safer, more productive, and more profitable. For the first time, safety, operations, and finance teams can manage their workers, vehicles, equipment, and fleet-related spend in a single system. Motive serves nearly 100,000 customers from small businesses to Fortune 500 enterprises, across a wide range of industries including transportation and logistics, construction, energy, field service, manufacturing, agriculture, food and beverage, retail, waste services, and the public sector. Visit gomotive.com to learn more.
